- Proposed Endowed Chair Jerry Choate, Presidential Chair in Urology Tissue Engineering (7565)

Your support is fully tax deductible to the extent of the law. Your help will greatly improve the quality of education for our urology residents and the quality of healthcare we provide the Orange County community. In the unlikely event that private support does not fully fund the endowed chairs by the respective deadlines, the gifts received will be redirected to a current-use departmental fund that will support the surgical training center, urology research and education activities, and urology teaching endeavors.
