20th Anniversary of the Laparoscopic Nephrectomy

Laparoscopic, Robotic and Ablative Therapies for Localized Renal Tumors

Course

Friday & Saturday

June 25-26, 2010

Register early!

Hands-on laboratory sessions are limited to 24 surgeons.

This training program is designed for postgraduate urologic surgeons to provide them with comprehensive, advanced minimally invasive, cutting edge renal surgery techniques. In addition to practical didactic lectures, extensive case presentations will be featured by the expert faculty. The 8-hours of hands-on, animate laboratory sessions are devoted to the transfer of advanced laparoscopic skills for performing -

- laparoscopic partial nephrectomy
- robotic-assisted partial nephrectomy
- radiofrequency & cryotherapy tissue ablation
- LESS partial nephrectomy

Prerequisite

Participation in this course requires prior completion of a basic laparoscopy course and having participated in 10 laparoscopic procedures.

Course Directors

Ralph V. Clayman, MD
Elspeth M. McDougall, MD

Invited Faculty

Howard N. Winfield, MD
Inderbir S. Gill, MD
Jaime Landman, MD
Jeffrey A. Cadeddu, MD
Raymond J. Leveillee, MD
Louis R. Kavoussi, MD

Course Overview
This postgraduate minimally invasive surgery course, designed for urologists, is entirely devoted to the transfer of advanced laparoscopic, robotic, and tissue ablative skills necessary for management of localized renal tumors. The participants should have attended at least one prior basic laparoscopy course and have participated in 10 laparoscopic procedures.

Procedural lectures regarding the laparoscopic approach to malignant renal tumor disease will explain a step-by-step approach for each procedure, including question and answer sessions.

The two laboratory training sessions will include all aspects of laparoscopic, robotic and tissue ablative therapy for localized renal tumors. Pelvic trainers will be utilized during the laboratory sessions to practice laparoscopic reconstructive skills and for instruction on laparoscopic suturing and knot tying. Two animate laboratories will comprise 8-hours of hands-on sessions for --

- laparoscopic partial nephrectomy
- robotic-assisted partial nephrectomy
- radiofrequency & cryotherapy tissue ablation
- LESS partial nephrectomy

We welcome your participation in this unique renal surgery course, celebrating the 20th anniversary of the laparoscopic nephrectomy.

Flights
It is recommended that you book flights to John Wayne Airport in Irvine or the Long Beach Airport. These airports are about a 30-minute drive to the two hotels near the UC Irvine Medical Center.

Hotel Accommodations
Please make your hotel reservations directly with the hotel. Both of these hotels are walking distance to UC Irvine Medical Center.

DoubleTree Hotel
Phone: 714.634.4500
100 The City Drive
Orange, California 92868
Ask the Registration Desk for the UC Irvine Medical Center discount rate.

Ayres Inn
Phone: 714.978.9168
3737 W. Chapman Avenue
Orange, California 92868

Please Note
University of California, Irvine is not responsible for airline or hotel reservations. Please confirm meeting registration and hotel registration acceptance prior to purchase of non-refundable or penalty airline tickets.

Cancellation Policy
The registration fee less $75 administrative charge is refundable if cancellation is received in writing by Friday, May 21, 2010.

Americans With Disabilities Act (ADA)
In compliance with the Americans With Disabilities Act, we will make every reasonable effort to accommodate your needs. For any special requests, please call Cynthia Shell at 714.456.5371 or cshell@uci.edu by no later than two weeks prior to the course.

Audio and video taping are prohibited.

Learning Objectives
1. Identify the patient selection criteria and indications and contra-indications for laparoscopic, robot-assisted renal surgery, and ablative procedures for renal cancer.
2. Review the identification, management and prevention of complications associated with laparoscopic, robot-assisted renal surgery, and ablative procedures.
3. Summarize the basic laparoscopic techniques for radical nephrectomy, partial nephrectomy, and ablation therapies for kidney cancer.
4. Describe the anesthesia considerations for laparoscopic, robot-assisted and tissue ablative techniques for treating kidney cancer.
5. Discuss the strengths / weaknesses / limitations / and caveats of current laparoscopic and robotic instrumentation, and discuss new technologies that are being introduced into the surgical equipment marketplace.

Purpose/Need for Activity
To transfer advanced laparoscopic and robotic skills necessary for performing reconstructive procedures for partial nephrectomy.

Target Audience
This postgraduate minimally invasive renal surgery course is designed for urologists.

Accreditation Statement
The University of California, Irvine School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Designation Statement
The University of California, Irvine School of Medicine designates this educational activity for a maximum of 44 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

*While there are CME credits designated for participation in this course, this does not imply certification of skills acquisition.

Disclosure Statement
It is the policy of the University of California, Irvine School of Medicine and the University of California CME Consortium to ensure balance, independence, objectivity, and scientific rigor in all CME activities. Full disclosure of conflict resolution will be made in writing via handout materials or syllabus.

California Assembly Bill 1195
This activity is in compliance with California Assembly Bill 1195 which requires continuing medical education activities with patient care components to include curriculum in the subjects of cultural and linguistic competency. For specific information regarding Bill 1195 and definitions of cultural and linguistic competency, please visit the CME web site at www.cme.uci.edu.
Course Agenda

Friday, June 25, 2010

6:15 - 6:45 AM Continental Breakfast / Registration
6:45 - 6:55 AM Welcome E. McDougall

Laparoscopic Radical Nephrectomy
6:55 - 7:15 AM Laparoscopic Nephrectomy - How We Started & Lessons Learned Over 20 Years R. Clayman

Laparoscopic Nephron Sparing Surgery
7:15 - 7:35 AM Laparoscopic Partial Nephrectomy - The Last Decade of Learning H. Winfield
7:35 - 7:55 AM Laparoscopic Partial Nephrectomy - The Learning Curve: Warm Ischemia Time, Artery vs Artery + Vein Clamping H. Winfield
8:00 - 8:25 AM Laparoscopic Partial Nephrectomy - Hot vs Cold Cutting J. Landman
8:25 - 8:45 AM Questions & Answers
9:00 - 9:20 AM Laparoscopic Partial Nephrectomy - LESS - Is Leveling the Playing Field E. McDougall
9:20 - 9:40 AM Questions & Answers
9:40 - 9:55 AM Laparoscopic Partial Nephrectomy - How It Began H. Winfield
10:00 - 10:20 AM Laparoscopic Partial Nephrectomy - The Learning Curve: Suturing Techniques J. Landman
10:20 - 10:40 AM Laparoscopic Partial Nephrectomy - Tissue Ablative Therapy

Tissue Ablative Therapy
10:20 - 10:40 AM Cryotherapy Ablation of Localized Renal Masses L. Kavoussi
10:40 - 11:00 AM The Challenging Lesion for Percutaneous Cryotherapy - "Shooting Ducks in a Barrel" D. Vajgrt
11:00 - 11:20 AM Anesthesia Considerations for Percutaneous Cryotherapy - "Shooting Ducks in a Barrel" D. Morrison
11:20 - 11:40 AM Radiofrequency Ablation of Localized Renal Masses J. Cadeddu
11:40 - 12:00 PM Irreversible Electroporation (IRE) for Localized Renal Masses - The Nanoknife R. Leveillee
12:00 - 12:30 PM Panel Discussion - If you had this renal mass, what treatment would you recommend? R. Clayman, H. Winfield, I. Gill, J. Landman, J. Cadeddu, R. Leveillee

12:30 - 1:30 PM Dine and Discuss: Lunch with the Faculty
1:30 - 6:00 PM Laboratory Sessions

Saturday, June 26, 2010

6:30 - 7:00 AM Continental Breakfast
7:00 - 12:00 PM Laboratory Session
12:00 - 1:00 PM Dilemmas, Disasters and Decisions - How to Handle Complications
1:00 - 2:00 PM Lunch with the Experts

Please register separately --
6:00 PM Dinner celebrating the 20th Anniversary of the Laparoscopic Nephrectomy, Wyndham Orange County
20th Anniversary of the Laparoscopic Nephrectomy:
Laparoscopic, Robotic and Ablative Therapies for Localized Renal Tumors Course
Friday & Saturday
June 25-26, 2010

Registration Form

To ensure proper spelling of your name, please print clearly.
The information provided will appear as written on the course attendance roster and name badge.

First Name________________________ Initial______ Last Name________________________ Degree________

Name of your Medical Center or Institution________________________________________________________________________________

Street Address________________________________________________________________________________________________________
_____________________________________________________________________________________________________________________
City  /  State  /  Zip Code________________________________________________________________________________________________

Phone (__________) _______________________________________ Fax (__________) ____________________________________________

E-Mail _______________________________________________________________________________________________________________

Mandatory for CME Credits
Social Security# Last 5 Digits:______________________________________ or Medical License #___________________________________

Do you routinely perform laparoscopic renal surgery?_______________________________________________________________________

How many laparoscopic procedures have you performed in the past year?_____________________________________________________

How many robotic-assisted procedures have you performed in the past year?__________________________________________________

Important:  The hands-on laboratory sessions are limited to the first 24 registrants. Individuals who register for the full conference will be placed into the course first. Full payment in advance is required. This advanced payment completes your registration and ensures your enrollment in this course. The course tuition includes enrollment, continuing medical education credits, educational materials, catered events during the daytime course and laboratory supplies.

Registration Fees  (check the events you want to attend)

☐ 2-Day - Didactic Sessions and Hands-On Laboratory Sessions $2,900
20th Anniversary of the Laparoscopic Nephrectomy:
Laparoscopic, Robotic and Ablative Therapies for Localized Renal Tumors Course
Friday & Saturday, June 25-26, 2010

☐ Friday, June 25 - Morning Didactic Sessions only $600
20th Anniversary of the Laparoscopic Nephrectomy:
Laparoscopic, Robotic and Ablative Therapies for Localized Renal Tumors Course

☐ Saturday evening, June 26 - Anniversary Dinner $150 per person x ________ (maximum 4 tickets) = $_________________
A fund raising dinner for urology research, celebrating the 20th Anniversary of the laparoscopic nephrectomy.
If you are registering for the 2-day course, we are offering a reduced price for the dinner at $150 per person. (Maximum 4 tickets) Location: Wyndham Orange County
Names of guests: ________________________________________________________________

Total Enclosed:  $_________________

Two Convenient Ways to Pay

1)  MAIL this completed form with your check payable to UC Irvine:
☐ Check (Checks must be drawn on a U.S. bank made payable in U.S. dollars to UC Irvine.) Check #_________________________.
Mail to:  Cynthia Shell / UC Irvine Medical Center / Department of Urology
333 City Blvd. West, Suite 2100
Orange, CA  92868
Tel: 714.456.5371    Fax: 714.456.5062

2)  FAX this completed form with your credit card information to 714.456.5062
☐ MasterCard  ☐ Visa  ☐ Discover  ☐ American Express
