

# 2023 UCI HoLEP Masterclass

## Laser Enucleation Of The Prostate

March 9–11, 2023

### Day 1

## Thursday, March 9, 2023

3:00PM – 8:00PM

Participants will each schedule a one-hour slot to complete a laser enucleation of the prostate independently after reviewing pre-recorded video modules on online prior to the conference. This will provide insight into the areas of improvement for each participant.

### Day 2

## Friday, March 10, 2023

7:00AM – 10:00AM

Formal didactic session and expert presentations on laser enucleation procedures

Physics and safety for lasers used for prostate enucleation procedures

**Lori Lerner, MD** | *Harvard Medical School*

The evolution to holmium laser enucleation of the prostate (HoLEP)

**Peter Gilling, MD, FACS** | *University of Auckland, New Zealand*

Equipment and current techniques for HoLEP

**Akhil Das, MD, FACS** | *UCI School of Medicine*

Tips and tricks in HoLEP that I have learned through the years

**James Lingeman, MD, FACS** | *Indiana University School of Medicine*

HoLEP- gold standard for the surgical management of BPH?

**Mitchell Humphreys, MD, FACS** | *Mayo Clinic*

10:00AM – 10:20AM

Break

Incorporating HoLEP at your hospital and the perioperative management of HoLEP

**Joel Funk, MD, FACS** | *University of Arizona*

Other endoscopic prostate enucleation techniques including ThuLEP and bipolar LEP

**Smita De, MD** | *Cleveland Clinic*

Utilizing an experiential learning approach to master endoscopic prostate enucleation via simulation

**Ahmed Ghazi, MD, MHPE** | *University of Rochester*

12:00PM – 1:00PM

Lunch with case presentations and Q/A

1:00PM – 6:00PM

Hands-on one-on-one HoLEP training with experts using state-of-the-art realistic HoLEP model in an operative environment. Each participant will have one hour slot with direct instruction from one of the HoLEP experts. Participants not engaged in the hands-on stations will be engaged in observing semi-live surgical procedures with a panel of HoLEP experts to address their questions.

### Day 3

## Saturday, March 11, 2023

7:00AM – 12:00PM

Participants will each schedule a one-hour slot to complete a laser enucleation of the prostate independently prior to departure. This will provide the opportunity to apply in real-time the lessons learned during the course.

12:00PM

Meeting adjourned
